

Lincoln Elementary's Mission and Vision

Our Mission:

Provide a learning environment in which students will be able to reach their fullest potential by:

Developing team spirit among staff, parents, students, and the community.

Promoting positive participation in society.

Meeting individual academic needs with high expectations for achievement.

Developing a positive self-concept.

Creating lifelong learning skills.

Our Vision:

Lincoln strives to provide a safe and caring learning environment for each child where parents are considered partners in the educational process. "Linking Learning to Life", Lincoln's motto, guides our efforts to develop students who are good citizens and life-long learners.

Lincoln's vision is to maintain quality instruction in all curriculum areas with a focus on reading and math as the priorities. Grade level teams will know student expectations and will develop appropriate strategies for their success. Assessment tools will be used on a regular basis to gain necessary feedback on student progress so we can provide every opportunity available to meet each child's needs.

Careful planning will provide technology-rich classrooms that enhance instruction, remediation, research, creative presentations, and student learning.
